About the values on this sheet

Published grading references are indicative. The specification guaranteed for your shipment is the one confirmed in your quotation and approved sample. Appearance grade alone does not establish chemical or food-safety properties. Tests required for your market are agreed before order acceptance. This sheet is generated from the CeySpice product record (revision 2026-10-17, owner: CeySpice operations (Shanu Silva)); the website, quotations and this document carry the same values.
